

Course Selection Process Using the Student Portal

This document will guide you through the course selection process. You can refer to the Guide to Course Selection.

Log on to the student portal. Click on the Class Registration icon on the left-hand side of the page.

This will bring you to the course selection screen. If there are any required courses, they will show up already selected; the Physical Education and Applied Technology courses are shown. If there is an exclamation point at the end, the English category for example, that indicates that you must make a selection from this category. Categories with a check mark at the end, the Electives for example, indicate that you have a choice whether to choose from this category or not.

Welcome to the South Windsor High School Class Registration System for 2015-2016
